

# Opelika's Greatest Robotics Engineers

## Marketing Lead

This month's member spotlight is on our marketing lead, Anthony. AJ spends his time balancing school, robotics, and GearSef Going to ASEF! He is a dedicated member that creates all of our visual media.

## Competition is here!

Today begins the final two-day countdown to our travel to Huntsville for the Rocket City Regional Competition. We have enjoyed Knoxville's Smoky Mountain Regional Competition, but our sights are set forward! Our travel dates are Wednesday, April 5th - Saturday, April 8th. Be sure to watch us on Twitch!

Check out our Instagram and Facebook accounts for pictures and videos from Knoxville!

## CanBot

Novelis // Ball

Novelis and Ball granted us a gracious award to build a robot that can crush cans to encourage recycling. This robot will not only travel to competitions with us, it will also go around our community at various events.

Thank you to Novelis and Ball!
